

Aston Martin DB9

Filename	Description	BitDepth	SampleRate	Channels	Duration	AudioFileType
Aston_Martin_DB9_engine_1+driveby_C.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_engine_2+driveby_Top.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_engine_3+driveby_Ls.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_engine_4+driveby_Rs.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_exhaust_L+driveby_LFE.wa	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_exhaust_R+driveby-Cs.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_interior_L+driveby_L.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
Aston_Martin_DB9_interior_R+driveby_R.wav	Onboard recording of a Aston Martin DB9 with a 5.9 litres V12 engine and 456 hps. The recording consists of eight channels, interior left and right, exhausts left and right and four engine channels. It contains start, stop, idle, blipping, revving on constant rpms without gear, accelerations, decelerations and driving. Full surround drive away and drive by added in	24	48000	1	11:59.559	WAVE
