

SoundBits “Just Impacts - Simple“ description:

- Just Impacts - Simple: a huge collection of plain impact sounds. Metal hits, wood impacts, glass smashes, junk crashes, ... 618 Sounds in 360 files.
- This is a must have construction kit whenever it comes to a movie or game scene where something hits something else.
- Think of car crashes, robot fights, sci fi battles or any ohter kind of impact that needs the right sound effect.
- the sounds are perfect for your (mobile-)game-, multimedia-, music- or movie-project
- All sounds are delivered as BWF tagged, 24Bit, 96kHz wav-files

SoundBits “Just Impacts - Simple“ license agreement:

- All sounds included in this library are liable to the following conditions:
 1. You get a lifetime, non-transferable, worldwide license for synchronization rights
 2. All sounds can be used non-exclusively
 3. All sounds can be used in any musical, videogame-related or multimedia context
 4. There is no limitation in how often the sounds can be used
 5. All sounds can be used on **two workstations** at the same time. Both workstation have to be owned by the same person or business
 6. All sounds have to be saved on local harddrives (internal, external) and may not be stored on any web-based storages
 7. All sounds can be edited combined without limitations
 8. It is neither allowed to re-sale single sounds of this library nor to use these sounds for other sample-libraries or to create new sound FX with it that are sold as a self-sustaining work.
