

# The Voice of Poseidon

Filename	Description	BitDepth	SampleRate	Channels	Duration
Big Splashy Sea - Slow On Rocks.wav	Big waves on rocky shore. messy start, then big & rhythmical breakers. Could be used for storm at sea.	24	48000	2	03:40
Big Wave Splat V1.wav	Wave splashes down on hard surface. Ship in storm, or storm on shore.	24	48000	2	00:14
Big, Messy & Splashy Sea - Slow On Rocks.wav	Big, wind-driven sea on rocky coast. Slow and heavy waves in stormy scenario.	24	48000	2	05:31
Blustery Waves On Shore Or At Sea.wav	Wide perspective, spashy and busy sea, wind-driven on rocks, with a variety of wave hits.	24	48000	2	02:25
Busy Phasey Waves on Sand.wav	Slow sea on sand, slight phasiness from wind, developing into good medium distance busy waves.	24	48000	2	05:04
Busy Sea On Rocks - Good Splashes.wav	Slow and heavy waves crashing onto rocky shore. Good wave hits and splats with LF punch. Stormy, windy, busy, would do for ship in heavy seas.	24	48000	2	03:27
Busy Sea On Rocks.wav	Light sea on rocks, with fast and busy waves. Good stereo spread and no wind.	24	48000	2	02:13
Busy Sloppy Sea at Rocky Inlet Mouth.wav	Sloppy sea lapping and splashing on rocks at mouth of small coastal inlet. Very detailed slop and slurp with distant gull.	24	48000	2	04:30
Busy Waves On Sand - Long & Varied.wav	Ocean waves on sandy beach. Heavy, busy and varied with good LF content and detail.	24	48000	2	06:03
Busy Waves On Shingle - Long.wav	Waves on shingle, regular with good pull-back sequences. Small, but regular and well-defined waves.	24	48000	2	06:00
Close Busy Gentle Waves On Sand.wav	Close prespective wavelets on sand, big stereo picture with good detail and splashes.	24	48000	2	04:59
Close gentle sloshing on rocks V1.wav	Gentle waves sloshing on rocks. Non-tidal coastal waters, Mediterranean Islands, etc. Add reverb for sea cave interior.	24	48000	2	02:23
Close wavelets sloshing on rocks V1.wav	Very close prespective sloshing on rocks. Non-tidal coastal waters, Mediterranean Islands, etc.	24	48000	2	03:01
Close wavelets sloshing on rocks V2.wav	More distant prespective sloshing on rocks. Not so busy as other versions. Non-tidal coastal waters, Greek, Mediterranean Islands, etc.	24	48000	2	02:14
Close wavelets sloshing on rocks V3.wav	Very gentle wave splashes and gurgles on rocky shoreline. Quiet and peaceful atmosphere.	24	48000	2	03:06
Dark Fast Sea - Waves On Shingle - LF Rumble.wav	Fast breaking waves on shingle. Dark and restless with LF wind rumble. Good crunch of waves breaking on shingle	24	48000	2	03:26
Dark Slow Sea - Waves On Shingle.wav	Slow, heavy sea on shingle. Distant breakers, dark and regular on shingle beach. Good width and perspective.	24	48000	2	04:02
Deep Atlantic V1.wav	Big, heavy Atlantic Ocean Waves crashing onto sand. Powerful, regular, wind-driven waves with good LF power and HF detail.	24	48000	2	03:48
Deep Atlantic V2.wav	Big, heavy Atlantic Ocean Waves crashing onto sand. More spaced and irregular than V1, with heavy LF content. Medium distant perspective.	24	48000	2	04:29
Dorset Rollers.wav	Big separated waves on mixed sand and shingle beach. Regular and well-spaced with good stereo perspective and great detail. Huge LF content.	24	48000	2	03:34
Fast Flowing Water Near Weir.wav	River, fast flowing with weir in background. Good water detail.	24	48000	2	02:27
Fast Punchy Waves On Sand - CU.wav	Medium heavy waves on sand. Good, punchy, close perspective, with good wave separation and LF punch.	24	48000	2	01:21
Fast Punchy Waves On Sand.wav	Mid-distant perspective, fast waves on sand. Regular rhythmic pattern with occasional busy breaks. Good for long backgrounds without looping.	24	48000	2	06:01
Fast Sea - Waves On Shingle.wav	Fast and distinct waves on shore, with good shingle hiss. Medium-close perspective.	24	48000	2	03:23
Folkestone Sea Shore V1.wav	Gentle sea on sand and pebble shore. Distant LF traffic rumble. British sea-side resort.	24	48000	2	02:00
Folkestone Sea Shore V2.wav	Gentle sea on sand and pebble shore. Distant LF traffic rumble. British sea-side resort. Closer perspective and less busy than V1	24	48000	2	04:14
Gentle Waves Breaking On Harbor Wall.wav	Stronger sea wash on harbor wall. Good individual waves sweeping into harbor entrance.	24	48000	2	05:02
Gentle waves on sand - Noise Reduction Applied.wav	Close perspective small waves on sandy beach. Good detailed individual hits, with light foam hiss.	24	48000	2	04:00
Heavy Sea Slow On Shingle - More Distant Perspective.wav	Slow and heavy sea on shingle beach. Big powerful waves with good splashes. Good for storm or ship at sea.	24	48000	2	03:00
Heavy Sea Slow On Shingle V2.wav	Close perspective of slow, heavy waves on shingle beach, with splashes, spray and good LF thumps.	24	48000	2	03:30
Heavy Sea Slow On Shingle.wav	Very close perspective of big heavy waves on shingle, with rocks and pebbles rattling around.	24	48000	2	02:09
Heavy Surf On Shore - LF Rumble.wav	Medium-distant perspective or heavy regular waves on sandy shore. Constant LF rumble from wind and surf, with well-delineated waves.	24	48000	2	03:31
Heavy Sea On Rocks - Thundering waves & spray.wav	Thundering waves crashing onto rocky shore. Huge individual breakers with big LF content and plenty of spray and splash. Ship in storm possibilities.	24	48000	2	02:55
Large Weir Different Perspective.wav	Water thundering over weir. Close perspective with ater detail biased to right and weir rumble to left.	24	48000	2	03:03
Large Weir Distant Perspective.wav	Water thundering over weir. Overhead perspective with good water detail.	24	48000	2	01:08
Large Weir Thunders Into River.wav	Base of weir, with water thundering into river. Close perspective.	24	48000	2	02:09
Light Fizzing Sea - Small Waves On Shingle.wav	Light sea on sand, frothy and fizzy with good movement. very close perspective.	24	48000	2	04:00
Light Irregular Waves On Shingle - CU.wav	Light, splashy waves on shingle. medium-close perspective with pebble detail and light wind rumble. Good watery swell.	24	48000	2	04:10
Light Waves On Shingle_Pebbles - Some Wind Rumble.wav	Light, regular waves on shingle beach with good splashes and water movement. Strong LF wind rumble.	24	48000	2	02:46
Lumpy Waves On Shingle - Some LF Rumble.wav	Close perspective lumpy waves on shingle, with semi-regular rhythm and occasional sea-bird. Dark and detailed, with some LF wind rumble.	24	48000	2	04:53
Medium Dark Waves On Shingle with Very Distant Voices.wav	Heavy waves bearing on shingle beach with occasional distant voices and constant LF wind moan. Dark, but detailed individual and well delineated breakers.	24	48000	2	02:32
Medium Heavy Sea On Rocks - Thundering waves & spray.wav	Heavy seay on rocks, with thundering breakers and big wave at 1'15"	24	48000	2	02:47
Medium Sea On Sand - Slight Wind.wav	Medium-distant perspective waves on sandy beach. Gentle, regular low-dynamic waves, with distant cars. Town sea-front recording location.	24	48000	2	01:56
Medium Wave Surge On Shingle - Toppay.wav	Waves surge onto shingle/pebble beach. Regular fall and return, but not much LF energy. Some pebble detail in later part of recording.	24	48000	2	03:01
Niagara Base By River.wav	Niagara Falls: next to river at base of falls, with Maid Of The Mist hooter and seagulls, with roar of the falls in background.	24	48000	2	01:19
Niagara Base Perspective 1.wav	Water run off at base of Niagara Falls. roar of falls in background.	24	48000	2	01:03

Niagara Base Perspective 2.wav	Niagara Falls, closer to base of American Falls.	24	48000	2	01:04
Niagara Base Perspective 3.wav	Niagara Falls, close to base of American falls. Loud roar with some splashing.	24	48000	2	00:55
Niagara Base Perspective 4.wav	Niagara Falls, close to base of American Falls; heavy roar of water, splashes onto rocks.	24	48000	2	01:45
Niagara Base Perspective 5.wav	Niagara Falls; Hurricane Deck at base of falls. Heavy roar of water and blown spray.	24	48000	2	01:20
Niagara From Above.wav	Niagara Falls: American Falls from above. Powerful LF content and good splashes.	24	48000	2	01:59
Niagara Near Edge Of Horeshoe Falls.wav	Niagara Falls, top of Horseshoe Falls on Canardian side, medium close persepective	24	48000	2	02:07
Niagara Rapids.wav	Niagara Falls: American Rapids, close to top of falls. Water fast over rocks, rumble of falls in background.	24	48000	2	03:01
Phasey Waves More Separated on Sand With Some Gulls - Long.wav	Individual waves on sand, with distant sea gulls calling. Gentle sea, with wide dynamic.	24	48000	2	06:05
Phasey Waves on Sand With Some Gulls.wav	Closer perspective waves on sand with distant gulls calling. Some LF rumble from wind and distant traffic.	24	48000	2	05:53
Plunging Waves on Shore or Ship in Storm Less Violent.wav	Medium waves crash on to hard surface with good splashes and rumbles. Good for ship at sea or beginnings of storm.	24	48000	2	03:01
Plunging Waves on Shore or Ship in Storm.wav	Heavy sea crashing onto rocks with close splashing and LF thumps. Big wave sequence at 1'07"	24	48000	2	02:12
Pull Back & Big Wave Splat.wav	Single huge wave breaks on hard surface.	24	48000	2	00:17
Sloppy Water Chop On Rocks V2.wav	Water slop on rocks. Light, choppy waves on rocky shoreline with distant traffic rumble.	24	48000	2	02:35
Sloppy Water Chop On Rocks.wav	Water slop on rocks. Fast, busy, choppy waves on rocky shoreline with distant traffic rumble. Close perspective.	24	48000	2	02:31
Slow Breakers On Sand - MCU.wav	Slow breakers, heavy on sand. Medium close perspective with intense LF underlay. Powerful and regular waves.	24	48000	2	04:00
Slow Breakers On Sand With Deep LF - CU.wav	Slow breakers, heavy on sand. Very close perspective with intense LF content. Powerful and regular waves on the US Pacific coast.	24	48000	2	03:07
Slow Heavy Surf On Shore - LF Rumble.wav	Very slow, big and powerful breakers on shore. Massive LF content, dark and foreboding.	24	48000	2	02:05
Slow Hissing Surf Crashing On Shore - LF Rumble.wav	Big surf, hissing and crashing onto sand. Close perspective with LF rumble and good wave details.	24	48000	2	03:04
Slow Hissing Surf Lighter On Shore - Different Perspective.wav	Slow surf on sandy shore. Less intense, narrower dynamic, very occasional birds. USA Pacific Coastline.	24	48000	2	04:03
Slow Hissing Surf Lighter On Shore.wav	Surf on shore, close perspective with less LF content. Deep, regular waves, very close to shore line.	24	48000	2	03:02
Small fast waves on rocks.wav	Small waves, fast and regular on rocky shoreline. Gentle and detailed.	24	48000	2	05:00
Small Stream & Light Wind.wav	Small stream trickling over rocks, with light wind in b.g and occasional bird.	24	48000	2	02:26
Small Waterfall - Different Perspective.wav	Base of small waterfall, with water falling onto rocks below. Detailed and splashy!	24	48000	2	01:22
Small Waterfall.wav	Small waterfall close to base with water running into rock-pool.	24	48000	2	01:06
Small Waves On Sandy Beach.wav	Small waves on sandy beach. Narrow perspective, irregular rhythm with distant traffic, distant voices.	24	48000	2	02:00
Small waves sloshing around inlet - distant foghorn.wav	Small waves sloshing on rocks with very distant insects and occasional foghorn blasts.	24	48000	2	05:14
Stormy Waves on sand Big & Busy.wav	Big waves on sandy beach, fast and regular, with good spray and LF rumble.	24	48000	2	04:19
Strong & Regular Wave Surge - Breakers on shoreline.wav	Deep, somnolent waves on shore. Medium-close perspective on windy day.	24	48000	2	06:29
Strong Waves on Sand.wav	Strong and regular waves, breaking on a sandy shore. Light, detailed and dynamic, with not much LF energy, but good detail and movement.	24	48000	2	05:02
Thundering Waterfall.wav	Huge waterfall. thundering onto rocks, with massive LF energy and good splash detail.	24	48000	2	02:07
Uncoordinated light waves on shore - LF Shelf @200Hz.wav	Light messy waves on shore, with LF roll-off. Nice watery detail and low dynamic with some slight wind blasts.	24	48000	2	03:00
Very Gentle Sea Sloshing On Harbor Wall V2.wav	Very gentle sea sloshing against harbor wall. Light insect fizz in background. Greece.	24	48000	2	04:00
Very Splashy Sea on Rocks with individual wave hits.wav	Big and slow sea breaking onto rock shore with heavy hits and splashes. Very powerful wave impacts.	24	48000	2	03:05
Water Flowing Into Sea Close Perspective.wav	Water from pipe outlet flowing fast into sea over rocks.	24	48000	2	01:30
Water Flowing Into Sea Far Perspective.wav	Water flowing into sea from outlet. Distant perspective.	24	48000	2	02:01
Water Flowing Into Sea Medium Perspective.wav	Water flowing into sea from outlet. Medium close perspective.	24	48000	2	01:02
Water Lapping On Hard Shore V2.wav	Small waves lapping on hard-packed sand shoreline. Good movement and detail.	24	48000	2	04:02
Water Lapping On Hard Shore.wav	Small waves lapping slow on hard-shore, close perspective.	24	48000	2	04:12
Waves Below Brighton Pier.wav	Gentle waves at night, recorded below the Grand Pier in Brighton, Sussex, UK. Waves on large pebbles, distant perspective.	24	48000	2	02:00
Waves Deep Atlantic V1.wav	Deep, heavy sea with big, slow rolling waves breaking on beach. Medium Distant.	24	48000	2	03:48
Waves Deep Atlantic V2.wav	Deep, heavy sea with big, slow rolling waves breaking on beach. Closer and with more LF than V1.	24	48000	2	04:29
Waves Dorset Rollers.wav	Strong, regular waves breaking on sandy beach at base of cliff. Powerful, rhythmic and detailed. Medium close, night.	24	48000	2	03:34
Waves On Inis Oir Beach Distant.wav	Waves on sandy beach: single gull passes. Distant perspective.	24	48000	2	03:59
Waves On Inis Oir Beach Medium.wav	Waves, busy on sandy beach. medium close perspective. Settles to regular waves after busy start.	24	48000	2	04:01
Waves On Inis Oir Rocky Inlet.wav	Sea running into rocky inlet; gurgles, splashes and pebble movement.	24	48000	2	04:01
Waves On Inis Oir Rocky Shore V2.wav	Sea waves breaking close on rocks; remote location. Splashy and busy.	24	48000	2	04:35
Waves On Inis Oir Rocky Shore.wav	Sea waves on rocks; remote location. Splashy and busy.	24	48000	2	04:46
Waves On Inis Oirr Beach Close.wav	Waves on sandy beach: close perspective with good wave detail and movement.	24	48000	2	06:02
Waves on sand - MCU.wav	Regular waves on sandy beach, medium-close prespective. Nice and gentle sea, no wind or voices.	24	48000	2	04:51
Waves on sand Busy CU.wav	Busy waves on sandy beach, wind-blown seas. Medium-close perspective with good detailed wave falls.	24	48000	2	03:56
Wide Dynamic Thundering Surf.wav	Distant perspective, wide dynamic, thundering surf. Slow and heavy, good LF rumbles and individual waves. Bottom of a cliff - think "Play Misty For Me."	24	48000	2	04:30

Wind Driven - Splashy On Rocks.wav	Big, splashy sea, wind-driven onto rocks. Slow and powerful waves with good splash detail and LF impact. Medium close perspective. Good single splashes at 2'21"	24	48000	2	04:02
Wind-driven sea - busy on shingle.wav	Close-up busy sea. Wind-driven on shingle, with low wind moan in background. Good detail, but messy.	24	48000	2	03:02
Wind-driven surf - stormy sea on rocks.wav	Medium-distant perspective, heavy sea on rocks. Strong surge tide with splashy artefacts. Occasional wide dynamic waves, but otherwise fairly static.	24	48000	2	03:30
Wind-driven waves - big & splashy.wav	Big, heavy sea with slow, close waves, splashing onto rocks. Lacking in LF energy, but excellent wave detail.	24	48000	2	01:32
