

## VW Golf GTI

Filename	Description	BitDepth	SampleRate	Channels	Duration
VW_Golf_GTI_Engine_1.wav	Onboard recording of a VW Golf GTI Turbo. The recording consists of eight channels, interior left and right, exhaust left and right, two engine and one turbo channel. It contains start, idle, blipping, revving on constant rpms without gear, acceleration, decelerations and driving. A surround driveby is added at the end.	24	48000	1	17:29.426
VW_Golf_GTI_Engine_2+driveby_Ls.wav	Onboard recording of a VW Golf GTI Turbo. The recording consists of eight channels, interior left and right, exhaust left and right, two engine and one turbo channel. It contains start, idle, blipping, revving on constant rpms without gear, acceleration, decelerations and driving. A surround driveby is added at the end.	24	48000	1	17:47.414
VW_Golf_GTI_Exhaust_L+driveby_Rs.wav	Onboard recording of a VW Golf GTI Turbo. The recording consists of eight channels, interior left and right, exhaust left and right, two engine and one turbo channel. It contains start, idle, blipping, revving on constant rpms without gear, acceleration, decelerations and driving. A surround driveby is added at the end.	24	48000	1	17:47.414
VW_Golf_GTI_Exhaust_R.wav	Onboard recording of a VW Golf GTI Turbo. The recording consists of eight channels, interior left and right, exhaust left and right, two engine and one turbo channel. It contains start, idle, blipping, revving on constant rpms without gear, acceleration, decelerations and driving. A surround driveby is added at the end.	24	48000	1	17:29.426
VW_Golf_GTI_Interior_L+driveby_L.wav	Onboard recording of a VW Golf GTI Turbo. The recording consists of eight channels, interior left and right, exhaust left and right, two engine and one turbo channel. It contains start, idle, blipping, revving on constant rpms without gear, acceleration, decelerations and driving. A surround driveby is added at the end.	24	48000	1	17:47.414
VW_Golf_GTI_Interior_R+driveby_R.wav	Onboard recording of a VW Golf GTI Turbo. The recording consists of eight channels, interior left and right, exhaust left and right, two engine and one turbo channel. It contains start, idle, blipping, revving on constant rpms without gear, acceleration, decelerations and driving. A surround driveby is added at the end.	24	48000	1	17:47.414
